

Dear Parent or Guardian:

This year we'll be using an exciting new tool to increase engagement in our class called Flipgrid. Flipgrid is the leading video discussion platform used by tens of millions of PreK to PhD educators, students, and families in more than 150 countries. Flipgrid allows us to spark a classroom discussion by providing a platform for your child to share short video responses based on questions posed by me, the teacher. This will help create an inclusive dialogue and engage with them in a fun and meaningful way.

I think Flipgrid will be a wonderful addition to our class, but if your child is under 13 I will need your permission for them to use Flipgrid. Please review Flipgrid's Terms of Use and Privacy Policy (<https://legal.flipgrid.com/>). In order to use Flipgrid some personal information about your child may be collected, but this information will be protected as Flipgrid describes in their Privacy Policy and Terms of Use.

Please read these policies carefully, let me know if you have any questions, and then sign below to indicate that you've read this and allow your child to participate. If you don't agree to provide consent for your child to participate, please do not allow your child to use our Flipgrid code distributed in class. Students who cannot use Flipgrid may need to use other tools to complete assignments.

Please return this signed sheet to class tomorrow.

I give consent for my child, listed below, to use Flipgrid for class and related activities.
